

Transitioning to Renewable Energy

Join us on Wednesday 8th and Thursday 9th September 2021
Darwin Innovation Hub or Virtually via Zoom
Northern Territory National Innovation Games

WHO CAN GET INVOLVED:

Any owner, senior manager or relevant employee of an NT related business or organisation

WHY:

Renewable energy is here in the NT already - don't miss out on what it can do for your business today and in the future

WHERE:

Darwin Innovation Hub L1/148/50 Smith St, Darwin City Mall or
Virtual via Zoom

WHEN:

Wednesday 8th and Thursday 9th of September 2021

Interested? Contact The Paddl Crew

partnerships@paddl.co or [register here](#)

Sponsored by the NT Government, ISACNT, NERA, Darwin Innovation Hub, ABB Australia and Territory Generation, these amazing days are your opportunity to find out (for free!) what's involved in transitioning to renewable energy.

You will be allocated to a team that will include industry experts, who will work to create solutions for/with you; all you have to do is share your experience, energy needs and future ideas. We ask that you be available to brief your team so that they understand your business and the sector you work in. It's FREE to participate and there are prizes for winning solutions.

Schedule

Wednesday 8th September 21:

8.30am - 5pm* (ACST)

Teams' Activity - Ideation and solution building

5pm - 6pm (ACST)

Business Networking

*We know that you are busy - talk to us to schedule what works for you during the day. We would love you for the whole day but if that's not possible, we will work to support your availability.

Thursday 9th September 21:

9am - 1pm (ACST)**

Pitch sessions to the Judging Panel (Open to the public)

2pm - 2.30pm (ACST)

Winners announced

**Pop in to join your team for their 30 min pitch block (time to be advised) or you are welcome to stay longer and watch the other pitches too.
